## 2021 School Accountability Report Card

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at [www.cde.ca.gov/ta/ac/sa/](http://www.cde.ca.gov/ta/ac/sa/)

For more information about the LCFF or the LCAP, see the CDE LCFF web page at [www.cde.ca.gov/fg/aa/lc/](http://www.cde.ca.gov/fg/aa/lc/)

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at [dq.cde.ca.gov/dataquest/](http://dq.cde.ca.gov/dataquest/) that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

## California School Dashboard

The California School Dashboard (Dashboard) [www.caschooldashboard.org/](http://www.caschooldashboard.org/) reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

## Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## 2021-22 School Overview

We at Sánchez believe in a world-class education by building relationships, having a growth mindset, and promoting equity. Every student will experience success in the classroom, the community, and in life. Students are recognized for their individual and collective achievements, and staff works collaboratively to provide rigorous academic experiences.

Jesse G. Sanchez School staff sees children for the special gifts they bring to school, their language, their culture, their experiences and their enthusiasm. The staff builds on these strengths to provide all children with a positive learning environment in order to build perseverance in students so they may overcome the negative environmental factors that may thwart success at school and in life.

Additionally, we implement a collaborative decision-making process, as well as use a data analysis process to ensure students receive targeted grade-level instruction, along with additional support if needed.

Jesse G. Sanchez Elementary School serves approximately 800 students from preschool through sixth grade. Our student population includes 99% Hispanic students and 87% English Learners.

Jesse G. Sanchez Elementary currently has an After School Program that serves over 100 students on a daily basis. During our After School Program, students are able to participate in:

## 2021-22 School Overview

- Music Education in partnership with the Alisal Community Arts Network (ACAN)
- Small group support with home and classwork assignments

Jesse G. Sanchez Elementary continues to offer programs to our students on Saturdays via a partnership with Hartnell Community College which are the NASA SEMA Program, and Coder Dojo Academy. Nonetheless, Jesse G. Sánchez believes in providing students with research based instructional strategies that support their reading, critical thinking, discourse, reasoning & problem solving, and writing skills. Our staff is undergoing Write Up a STORM year 4 professional development to support students in the areas previously mentioned.

## School Facility Conditions and Planned Improvements

Monthly safety inspection is done by the lead custodian to make sure our school is safe for all students, staff and parents. During this time of COVID-19 pandemic our custodial staff sanitized common areas every hour, and sanitized all offices and classrooms where staff are working from. All fire extinguishers are also checked on a regular basis to make sure they are charged and access is unobstructed.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

#### SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

#### Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

Subject	School 2019-20	School 2020-21	District 2019-20	District 2020-21	State 2019-20	State 2020-21

- Other local measures on the sense of safety

## Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

## 2021-22 School Safety Plan

The school Safety plan this year focused on providing a safe place for all employees working at the site, and students attending school. Due to the pandemic parents were not allowed to enter our campus.

Our school is providing in person instruction to all students; however parents are only allowed to drop off their child, and or visit the school office for questions or concerns.

Our school ensures that we follow the following COVID-19 safety measures:

1. All students and staff wear a face mask
2. All classrooms are equip with hand sanitizer, disinfecting wipes, shields, and air purifiers
3. Common Areas are disinfected frequently
4. Students expressing that they have illness symptoms be sent to the office
5. On site-covid-19 testing for unvaccinated staff and staff needing testing
6. Assigned exit gates by grade levels

Also, teachers, child supervisors, and administrators help monitor the school grounds during recess, before school, and after school. Visitors are required to wear a face mask when coming into our office, due to COVID-19, parents may stay on campus only if attending parent teacher conference, or IEP meetings. No visitor's passes are granted as of now. Koffee Klatch meetings are held in person, following all safety measures, and only when students are not present.

The school safety plan focuses on procedures for fire drills and evacuation routes. It also includes steps for earthquake preparedness and lockdown procedures. Students practice fire drills on a monthly basis and earthquake drills twice during the year. Staff and students have been instructed on the steps to take in the event of an armed intruder on campus or nearby, and about appropriate lockdown procedures. This revision was presented to parents during a School Site Council meeting in the Winter of 2022.

School gates are locked at all times. All students enter through the Multipurpose Room, which is locked 2 minutes after children have been dropped off at the start of the school day, and access to the school is limited to the main entrance. This helps prevent unauthorized visitors from entering the campus during the school day. The gates are opened again 5 minutes before the end of the school day while students are being picked up.

ALICE staff training took place in February 2022, and follow up ALICE conversations and additional training will continue during the school year.

We review these procedures with staff and parents at the beginning of the school year at staff meetings, parent meetings, and in parent memos. We review them again throughout the school year as needed. School staff continues to received training on Positive Behavior and Intervention Support, PBIS, a school wide discipline plan designed to reward positive student behavior.

## 2020-21 Local Accountability Report Card (LARC) Addendum

### Local Accountability Report Card (LARC) Addendum

#### 2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
