## 2021-2022 School Accountability Report Card (Published During the 2022-2023 School Year)

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

## Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## 2022-23 School Overview

Dr. Oscar F. Loya Elementary School is located in the eastern section of the city of Salinas. Our school serves an ethnically and economically diverse community. There are approximately 600 students in grades preschool through 6th grade. Our student population is: <1% Black or African American, 1% Filipino, 95% Hispanic or Latino, <1% Other Asian, and 1% White. 59% of our students are English Learners, 18% Migrant and 28% Students with disabilities.

The school began with the concept of TEAMWORK and this concept continues to permeate throughout the school. Teachers work together in grade level and cross-grade level teams to analyze data and share best research-based practices. The teaching staff at Dr. Oscar F. Loya has an average of 25 years of experience with approximately 24 students per teacher in grades TK-2nd and 27 students per teacher in grades 3rd – 6th. The curriculum is delivered by 25 full-time Classroom Teachers, 4 Special Education Teachers, which includes the Resource Specialist Teacher, and 1 Instructional Coach. We also have 2 highly qualified intervention teachers who target grades 1st-6th grade students working at a below-average level. Additionally, Dr. Oscar F. Loya continues to implement 3 Core Values (Be Respectful, Be Responsible, Be Safe), which fall Positive Behavior Intervention System (PBIS). These promote good citizenship skills and positive behavior. Student of the Month recognitions take place to recognize students who are demonstrating positive citizenship and academic success. Nonetheless, Dr. Oscar F. Loya Elementary is working diligently to implementing the Multi-Tiered System of Supports (MTSS) to meet all student's academic, behavioral, and emotional needs.

A strong instructional leadership team supports the efforts of staff to help shape classroom instruction and determine the best use of the school's resources. The Instructional Leadership Team consists of one teacher per grade level, including a Special Education teacher, school counselor, and our Instructional Coach. Our school has aligned curriculum with the California State Common Core Standards and State Board adopted textbooks. The curriculum being delivered has a planned sequence of

## 2022-23 School Overview

instruction and learning experiences appropriate to the various developmental levels of students. To achieve our school vision and to meet the state Academic Performance Index (API) and Adequate Yearly Progress (AYP) targets, we have set rigorous academic goals for our students. We instill positivity and motivation to all our students and hold them accountable for meeting learning targets. Teachers hold each other accountable by delivering effective instructional practices in the classroom, and consistently reviewing and modifying instruction based on student data. As a committed staff, we believe every child will be a proficient and independent reader by the end of third grade, and every child will meet grade-level standards in language arts and mathematics. Our committed teachers will integrate the use of technology to enhance standards-based instruction and English Language Development, teachers will participate in professional development that supports the core academic subjects, focusing on Common Core Standards, 8 Mathematical Practices, English & Spanish Language Arts, and English Language Development. Our staff is also committed to continuous professional development in academic language and writing via Guided Language Acquisition Design and Write up a STORM strategies. Teachers are trained and coached by an additional coach to support the effective delivery of instruction, hence student learning. Our staff will provide parents with information and feedback on their children's academic progress and encourage parents to become involved in school activities.

In order to meet the emotional needs of our students, Dr. Oscar F. Loya Elementary provides counseling services via our District counselor, which also provides parenting workshops and classroom demonstrations. A Monterey County Behavioral Health therapist is also available to provide emotional support to students suffering from emotional disturbances/traumas (i.e. abuse, domestic violence, grief/loss, divorce/separation, gangs, drugs/alcohol, etc...). A check-in/check-out system is in place to support our Tier 3 students under the emotional umbrella. Behavioral Paraeducators also provide services to students in Tier 3 needing behavior and emotional interventions/supports. These services are rendered by a highly qualified Behavioral Specialist, who works 1:1 on a daily basis with the learner. A behavioral analyst is assigned to a student to gather data and work closely with the classroom teacher, and families. Additionally, parents, teachers, administrations, and Behavioral Specialist staff hold meetings regularly to discuss students' progress, concerns, and or additional supports.

The School Site Council in a combination with the ELAC Committee meets monthly to review student achievement data, analyze the effectiveness of programs, determine the progress of actions in the school plan, share effective parenting workshops, and revise the school plan as needed.

## 2022-23 Quality, Currency, Availability of Textbooks and Other Instructional Materials

In order to meet requirements for common core state standards (CCSS), materials were updated as part of the 2018 adoption.

K-6 Wonders is used to teach all Language Arts standards.

In K-6, teachers use Eureka Math.

## School Facility Conditions and Planned Improvements

A district team and custodial staff at the school monitor the facilities regularly. Custodians clean occupied spaces daily and outdoor facilities are checked and cleaned daily. Damage or hazards are reported as needed and follow-up documentation is prepared. Graffiti is removed or covered over as soon as possible. A quick response to hazardous conditions is a number-one priority for the district.

Monthly Safety Inspections are done by our Lead custodian, areas of focus include playground equipment, grounds and fields, multipurpose room, and classrooms.

Our school site was inspected in July, 2022 using the School Facility Conditions Evaluation Form provided by the state of California. All areas of the school were determined to be in good repair and excellent condition.

Our school is in the process of building 3 new Kindergarten classrooms to provide all day kindergarten for the next school year.

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**  
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

#### SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

#### Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22
<b>English Language Arts/Literacy</b> (grades 3-8 and 11)	N/A	23	N/A	27	N/A	47
<b>Mathematics</b> (grades 3-8 and 11)	N/A	13	N/A	16	N/A	33

## 2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## 2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

## B. Pupil Outcomes

### State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

#### 2021-22 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

#### 2022-23 Opportunities for Parental Involvement

Parents play an important role at Dr. Oscar F. Loya Elementary through active participation and involvement in the School Site Council, English Language Advisory Committee, Parent Teacher Club, and other school committees. Together, they advise school's administration in all matters pertaining to the school. This includes annual review of the school budget, Single School Level Plan, School Safety Comprehensive Plan, and school-wide events. Parents are also invited to attend Back-to-School Night in the fall (i.e. first day of school), parent-teacher conferences in the Fall and Spring, and Open House in the Spring. Monthly parent Coffee Klatch meetings are held to provide parents with various topics that support the parents and their students. As a school we also invite our parents to participate virtually in our school wide events (i.e. Halloween, Winter Celebration). These activities have kept the momentum and morale up during this pandemic.

Our administration ensures that parents are continually informed of school-wide activities. They inform parents about various volunteer options that include classroom assistance and helping with school communication. School administrators, school counselors, and family/parent advocates also work closely with families experiencing any difficulties, such as attendance, socio-emotional, home crisis, academic struggles due to remote instruction or others. Parents are continually encouraged to participate in all school activities. For parent involvement opportunities, please contact Mr. Rodriguez, Principal or Mrs. Kimberly McCoun, Assistant Principal at (831) 751-1945.

#### State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

## Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

## 2022-23 School Safety Plan

The safety of students and staff is a primary concern at Dr. Oscar F. Loya Elementary School. We provide a safe, clean environment for students, staff, and volunteers. Staff members and students practice monthly safety drills. We have established procedures to ensure the safety of all school members. The safety plan is reviewed annually and includes procedures for emergencies, exit routes, and inventories of emergency supplies. We make the plan available in the school office and review it with all staff at our first staff meeting, and mid year to ensure that everyone is clear about the emergency procedures.

All visitors are required to sign in and out at the office, where they receive a visitor's pass, Due to the pandemic our school continues not allowing parents to come into the campus again this school year.

Campus supervisors monitor school grounds before and after school, at recesses, and at lunchtime. In addition, two teachers are assigned to yard-duty supervision during the morning and mid-morning recess. Supervisors attend monthly trainings on campus safety, and teachers regularly review the rules for safe, respectful, and responsible behavior.

## 2021-22 Types of Services Funded

Dr. Oscar F. Loya continues to work with Write Up a STORM, and a consultant is funded to provide direct professional development and coaching to teachers in the areas of Writing and English Language Development. Coach provide direct services to students when modeling lessons for teachers. Coach works with teachers to monitor and review data, and make adjustments to instruction to ensure student learning goals are met.

After school support services are made available to students needing additional intervention support. Teachers are given the opportunity work with a group of no more than 10 students after school. Their focus in English Language Development, and closing the achievement gap. Additional intervention services are available via our ASES program, which is our 3 hour after school program that focuses on homework support, academic support via Read Naturally and Lexia Core, as well as enrichment services via our District Music partnership, art, and STEAM. One hundred students are part of our ASES program. It is open to all students, but students needing academic support are a priority.

Intervention services are also provided from September to May to struggling 1st-6th grade students. These intervention teachers are funded through Title 1 & LCFF monies. The goal is for the intervention teachers to work closely with teachers to provide additional support to struggling students.

Next Generation Math was purchased to support math instruction and intervention, and we have continued with its membership for this 22-23 school year. Students are assessed prior to using Next Generation Math, they are given a baseline, and provided with standards-based lessons that support student learning. Immediate feedback is given to students and teachers, were they are able to modify instruction, and target student gaps during Math intervention time.

Accelerated Reader Program is a school wide program being used to motivate students to read, acquire higher vocabulary, and develop strong comprehension skills. Our school focuses on an AR Word Count system, where students are expected to attain a number of word count and meet an 85% in reading comprehension. It is a school-wide goal, and parents enjoy being a part of this challenge as well. Recognition and awards take place three times a year. Our word count is by semesters. All students attaining their goals are recognized and awarded a Trophy, Medal or Certificate; depending on the goal met.

Our PBIS program continues to support our students with positive behavior by providing prizes via our PBIS store and monthly PBIS activities to all students who have earned enough Lion Bucks for their positive behavior. Funds are allocated to purchase prizes for the online store and materials for the monthly PBIS activities.
