# **Public Notice**

Provisions of the California Government Code requires that public school employers and exclusive representatives present their initial proposals which relate to matters within the scope of representation at a public meeting of this public school employer prior to commencing negotiations. The Alisal Union School District commenced reopener bargaining on April 26, 2024, with the Alisal Teachers Association related to Agreement, Wages, Health & Welfare Benefits article changes, as called for under the successor agreement.

California Government Code Section 3547(d) requires that when a previously unnoticed article is presented, public notice must be given within twenty-four (24) hours of the article's introduction.

Pursuant to said Code provision, the District hereby provides notice that the parties intend to discuss at their May 6, 2024 bargaining meeting, the intent to modify the following Article that was previously not sunshined or noticed in the successor agreement language: Parties will discuss Article 19 to make language conformity changes as to the established work days of bargaining members; Parties will discuss Article 5: Placement on the Salary Schedule for the purpose of offering competitive salary to bargaining members.

The meeting will be held at the California Teachers Association Offices, 928 Blanco Street Suite 100, Salinas, CA 93901
